

# Apply for a fellowship grant

## for the 2023-2024 academic year

**Earlier application period for  
the 2023-2024 academic year!**

*Tuesday, September 6, 2022 –  
Tuesday, November 15, 2022, 5pm CST*

Programs notified of grant decisions  
*April 2023*

OMeGA Medical Grants Association fellowship grants support US fellowship programs in all nine orthopaedic subspecialty categories. Grants of up to \$75,000 may be used for a fellow's salary and benefits or other preapproved direct educational expenses. Preapproval for other direct educational expenses must be requested during the application process.

### **OMeGA supports fellowship programs that advance musculoskeletal healthcare**

Of the 2022-2023 academic year applicants across all subspecialties:

- 81.90% were affiliated with an accredited residency program
- 99% participated in the Fellowship Match process
- 10.48% of applicants were developing programs

### **In the 2020-2021 academic year, OMeGA fellows:**

- Participated in 463 research topics
- Took part in 924 program presentations and 94 national/international presentations
- Contributed to 183 publications

### **Assessment criteria**

Applications are rated based on criteria such as:

- Faculty qualification and expertise
- Fellowship match information
- Method of formal evaluation of faculty, fellows and fellowship program
- Program's environment of research
- Procedures performed by CPT code
- Program's ability to promote innovation through projects and technology
- Broad look at the program's diversity over the past five years
