

Apply for a fellowship grant

for the 2022-2023
academic year

**Earlier application period for
the 2022-2023 academic year!**

*Tuesday, September 7, 2021 –
Tuesday, November 16, 2021, 5pm CST*

Programs notified of grant decisions
April 2022

OMeGA Medical Grants Association fellowship grants support US fellowship programs in all nine orthopaedic subspecialty categories. Grants of up to \$75,000 may be used for a fellow's salary and benefits or other preapproved direct educational expenses. Preapproval for other direct educational expenses must be requested during the application process.

OMeGA supports fellowship programs that advance musculoskeletal healthcare

Of the 2021-2022 academic year applicants across all subspecialties:

- 75.7% were affiliated with an accredited residency program
- 99% participated in the Fellowship Match process
- 11.4% of applicants were developing programs

In the 2019-2020 academic year, OMeGA fellows:

- Participated in 368 research topics
- Took part in 509 program presentations and 90 national/international presentations
- Contributed to 136 publications

Assessment criteria

Applications are rated based on criteria such as:

- Faculty qualification and expertise
- Fellowship match information
- Method of formal evaluation of faculty, fellows and fellowship program
- Fellows' academic productivity
- Procedures performed by CPT code
- Program's ability to promote innovation through projects and technology
- Broad look at the program's diversity over the past five years
